

VT-31

Hurricane Briefing

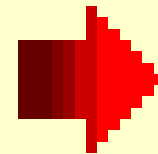

Presentation topics:

- General Hurricane Info
- VT-31 Actions in response to:
 - Condition of Readiness (COR) levels
- NFAAS Info
 - USN and Civilian personnel only!

General Hurricane Info:

The following slides have been provided by

Terms:

Tropical Cyclone - Generic term for low pressure system over tropical/sub tropical waters with organized convection.

Tropical Depression - Maximum sustained winds of less than 39 mph (34kt)

Tropical Storm - Maximum sustained winds of 39 – 73 MPH (34 – 64 Kt.)

Hurricane - Maximum sustained wind of 74 MPH or >

Tropical Cyclone Conditions of Readiness (COR)

****Remember these CORs****

Condition 5 - June 1 to Nov 30

Condition 4 – (3 days out) Destructive winds (50 MPH) expected
in 72 hrs. (any storm in the Gulf)

Condition 3 - (2 days out) Destructive winds expected in 48 hrs

Condition 2 - (2 days out) Destructive winds expected in 24 hrs

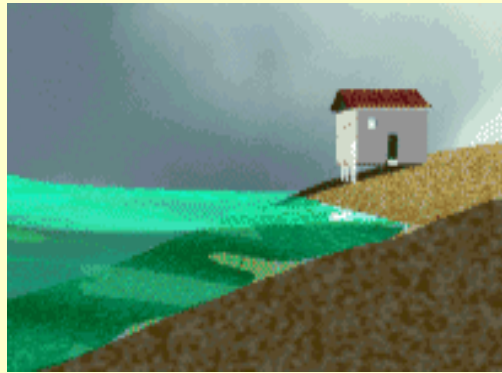

Condition 1 - The event is imminent!

Tropical Cyclone Categories:

- **CATEGORY I**
 - Winds 74 - 95 mph, (64-82 kts), storm surge 4 - 5 ft
- **CATEGORY II**
 - Winds 96 - 110 mph, (83-95 kts), storm surge 6 - 8 ft
- **CATEGORY III**
 - Winds 111 - 130 mph, (96-113 kts), storm surge 9 - 12 ft
- **CATEGORY IV**
 - Sustained winds of 131 - 155 mph, (113-135 kts), storm surge 13 - 18 ft
- **CATEGORY V**
 - Winds above 155 (>135 kt) mph, storm surge greater than 18ft

Inland Hurricane Hazards

Storm Surge

Tornadoes

Damaging Winds

Flooding

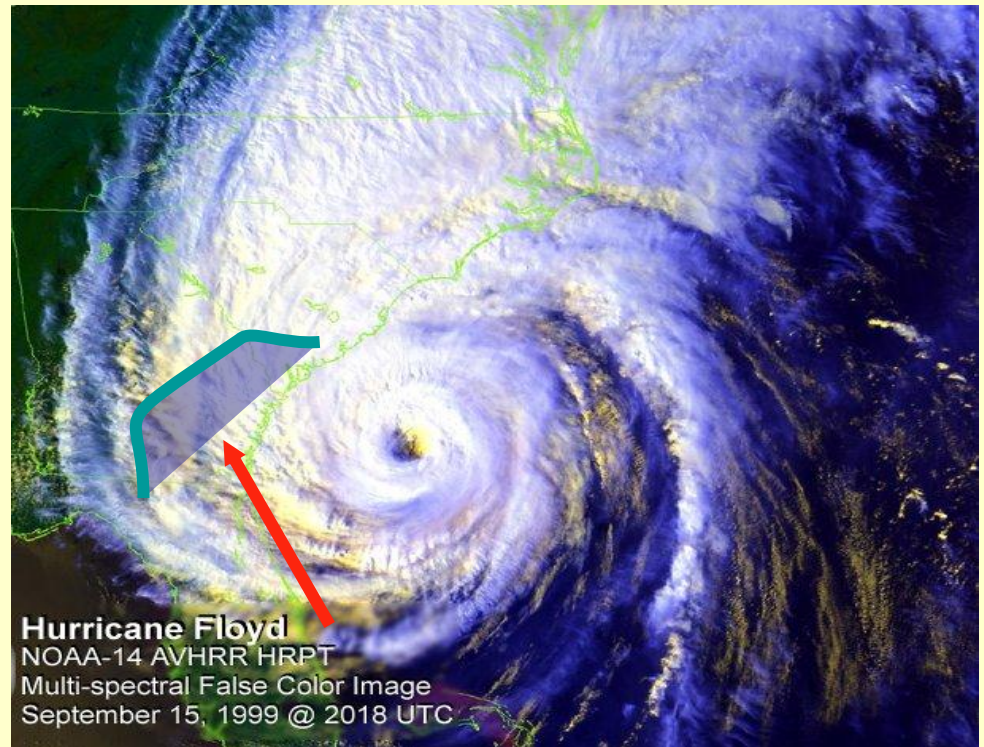

Primary Threat - Storm Surge “Wall of Water”

Abnormal rise of the sea in advance/with the cyclone.

Caused by:

-Low pressure at center.

-Winds in right front quadrant.

Cat 3 Storm Surge Simulation - Aransas Pass Texas

Be Prepared!!

TAKING ACTION is as easy as 1-2-3:

1. BEFORE	2 WATCH	3. WARNING
<p>Before Hurricane Season Starts <i>YOU SHOULD:</i></p> <p>Assemble your Disaster Supply Kit. These items are often scattered around your home and simply need to be brought together into one location.</p> <p>Write out your Family Disaster Plan. Discuss the possible hazards with your family. Determine if you are in an evacuation area. Identify an out-of-town family contact.</p>	<p>When a Hurricane Watch is issued <i>YOU SHOULD:</i></p> <p>Check your Disaster Supply Kit. Make sure nothing is missing. Determine if there is anything you need to supplement your kit. Replenish your water.</p> <p>Activate your Family Disaster Plan. Protective measures should be initiated, especially those actions that require extra time (for example, securing a boat or leaving a barrier island).</p>	<p>When a Hurricane Warning is issued <i>YOU SHOULD:</i></p> <p>Ready your Disaster Supply Kit for use. If you need to evacuate, you should bring your Supply Kit with you.</p> <p>Use your Family Disaster Plan. Your family should be in the process of completing protective actions and deciding the safest location to be during the storm.</p>

The VT-31 Plan...

Remember:

“No plan survives contact with the enemy.”

- Helmuth Von Moltke

POCs:

- Hurricane Evacuation Officer (HEO):
 - LT Tom Younghans
- Refuge Base Liaison Officer (RBLO):
 - LT Tyler Smith
 - LCDR Kerri Merklin (alternate)
- Evacuation Liaison Representative (ELR):
 - LCDR Jason Wilson

What has happened thus far?

- VT-31 INST 3730.1Z has been updated.
 - Squadron Hurricane Bill
- Recall rosters have been updated/verified.
- Agreements have been completed with proposed aircraft refuge sites.
 - Lubbock and Amarillo

What now??

- Squadron actions will be driven via the current Condition of Readiness level (slide 5).
 - This level is set via the Commander of Navy Region Southeast
- As a storm approaches, this level is updated from COR V – COR I and....

Condition of Readiness 5

- This COR will automatically be set on 1 June:
 - It's only a reminder that we are in hurricane season
- Take a moment to:
 - Review your personal hurricane evacuation plans
 - Ensure you have adequate supplies to protect your home should an evacuation be ordered
 - Review insurance plans to ensure appropriate coverage

Condition of Readiness 4

- This COR means:
 - A storm is within 72 hours of NASCC
- The squadron will:
 - The CDO/SDO are the initial action officers
 - Refer to the CDO binder for the current squadron instruction/checklist
 - All squadron IPs/studs will be notified accordingly
 - Begin to distribute supplies to secure the squadron spaces
 - Draft a rough flight schedule in case an evacuation is ordered
 - On 6 May: 30 aircraft were avail for fly away with only 29 active IPs in the squadron...this number will continue to decline for awhile!
 - CTW-4 intent is to fly as many aircraft away from NASCC as possible.
 - Expect a 24 hour SDO watch bill to go into effect...

Condition of Readiness 3

- This COR means:
 - A storm is within 48 hours of NASCC
- The squadron will:
 - The CDO/SDO are the initial action officers
 - Refer to the CDO binder for the current squadron instruction/checklist
 - All squadron IPs/studs will be notified accordingly
 - Expect minimal training to allow for evac prep
 - The RBLO will depart to make arrangements at the refuge site
 - Begin to secure squadron spaces
 - Draft a flight schedule in preparation of an evacuation
 - Be ready to go at a moments notice!

Condition of Readiness 2

- This COR means:
 - A storm is within 24 hours of NASCC
- The squadron will:
 - The CDO/SDO are the initial action officers
 - Refer to the CDO binder for the current squadron instruction/checklist
 - An evacuation should have been ordered by this point
 - All personnel are to muster by 0800 daily via NFAAS (USN/civilian) or their senior service member recall roster.

Condition of Readiness 1

- This COR means:
 - A storm is within 12 hours of NASCC
- The squadron will:
 - BRACE FOR IMPACT!!

Evacuation

**One of the most important decisions
Is "Should We Evacuate?"**

How the Navy will reach the decision to evacuate:

- The Commander of Navy Region Southeast or designated representative (NASCC – CO) are responsible for authorizing/ordering an evacuation for military and civilian personnel, as well as their dependents.**

Evacuation Routes

***If you are not part of the fly away...**

1. Most widely used route will be Interstate 37.
2. There are five other routes to safety that emergency officials are hoping residents will consider instead of getting stuck in major congestion on I-37 toward San Antonio.
3. The recommendation is to take the route that makes the most sense to you and your family.
4. Determine where you want to go and what route you're going to take plan ahead of time.
5. Familiarize yourself with your chosen evacuation route by taking a road trip on it. Take note of your exits, and where gas stations and rest stops are.

Evacuation Routes

Route A takes you thru Padre Island Drive to State Highway 44. Or, if you are on the south side, take County Road 43 through Alice, then take U.S. 59 to Laredo.

Evacuation Routes

Route B begins in the Five Points area. You take FM 624 West to State Highway 16, which will take you to San Antonio.

Evacuation Routes

Route C takes you over the Harbor Bridge and to U.S. 181 North. That will also eventually take you to San Antonio.

Evacuation Routes

Route D from 181 you get on State Highway 123 North and then take I-35 at San Marcos. You will end up in Austin.

Evacuation Routes

Route E If you take U.S. 77 North to Refugio and Goliad, then head north on U.S. 183, that will also take you to Austin.

REMEMBER...

Your survivability of any disaster is directly related to your degree of personal preparedness

NASCC Emergency Information Web site:

Emergency Management

Click link below for 2013 Hurricane Preparedness Brief

[Naval Air Station Corpus Christi 2013 Hurricane Preparedness Brief](#)

Learn about emergency plans for you and your spouse's workplace, and your children's school or day care center.

Learn your community's evacuation routes. Plan several escape routes that lead well inland.

Check your insurance coverage - flood damage is not usually covered by homeowners insurance. The government will not reimburse you for hurricane damage to your household goods in military quarters.

Ensure your vehicles are in good working order. Keep a full tank of gas – power outages and evacuation conditions can make refueling impossible.

Have a battery operated radio to monitor broadcasts during an emergency situation. Remember to replace its battery every 6 months, as you do with your smoke detectors.

Prepare your important papers, keepsake items, and personal items ahead of time.

- Make sure you have dated copies of all important personal, financial, and insurance records.
- If possible, make electronic copies and store them on a disk to be placed in your emergency kit.
- Place important records in a waterproof/fireproof container to be taken with you in case of an emergency.
- Maintain a written and photographic inventory of your possessions, including model and serial numbers, so you can estimate the value of your property for insurance or tax purposes if it is damaged or destroyed in a disaster.
- If you're videotaping, audibly describe the item, when you bought it, and how much it cost.
- Send copies of vital records to an out-of-town friend or relative, as well as to anyone named in a document, such as a trustee or a beneficiary.

NFAAS MUSTERING

USN/Civilian personnel ONLY

NFAAS OVERVIEW:

PERSONNEL ACCOUNTABILITY STEPS

- Step 1**  **Prepare:** Log into NFAAS and update personal & family contact info
- Step 2**  **Muster:** Hurricane is approaching/ NFAAS event is declared
- Step 3**  **Validate:** Commanding Officers/ CO Reps verify and account for all personnel in NFAAS
- Step 4**  **Evacuate:** To a safe location, muster in NFAAS indicating displaced location of self/family
- Step 5**  **Complete:** Family Needs Assessment Survey in NFAAS if help is required.

TRAINING AIR WING FOUR EVACUATION MUSTER/ACCOUNTABILITY GUIDELINES

STEP 1: **Log into NFAAS** at <https://navyfamily.navy.mil> and update your personal and family member(s) information.

STEP 2: **Share guidance on how to muster in NFAAS with spouse/ family.**

They should have access to log-in for situations where they must evacuate separately.

STEP 3: **After evacuation, and immediately upon arrival** at a displaced location/ safe haven or destination, **muster** yourself and family members by phone.

STEP 4: **When NFAAS comes on-line** following the disaster/evacuation order, Navy (Military and Civilian) Members will **Log on to NFAAS** for muster update and accountability. If assistance is required proceed to next Step.

STEP 5: **Log into NFAAS** and **complete a Family Needs Assessment request** for help; and/or call the Emergency Call Center for assistance whereby a Case Manager will contact you soon after you register.

What is NFAAS?

Navy Family Accountability and Assessment System (NFAAS) standardizes a method for the Navy to account, assess, manage, and monitor the recovery process for personnel and their families affected and/or scattered by a wide-spread catastrophic event. The NFAAS provides valuable information to all levels of the Navy chain of command, allowing commanders to make strategic decisions which facilitate a return to stability.

NFAAS allows Navy Personnel to do the following:

- ✓ Report Accounting Status
- ✓ Update Contact/Location information
- ✓ Complete Needs Assessment
- ✓ View Reference Information

[Contact NFAAS Support](#)

This is an Official U.S Navy Web Site

[Privacy & Security Notice](#)

Announcements: New My Info pages!

New My Info Pages

- ✓ New Summary page
- ✓ Contact information is now protected from being overwritten during updates
- ✓ Separate section for DEERS information
- ✓ DEERS contact information can be copied to NFAAS with one click
- ✓ Multiple family members can be updated at the same time

The **My Info** page now has a new look! It is much easier to view and update information with a single summary page and separate pages for Contact info, Family info, etc. The contact information from DEERS now is updated separately, and information in NFAAS will be protected from being automatically overwritten. If needed, you can manually copy your updated contact information from DEERS into NFAAS with a single click. There are also "time savers" like checkboxes that allow you to update multiple family members at the same time!

Needs Assessment Survey (Introduction)

If you or your family needs IMMEDIATE help with basic necessities, such as food, shelter, or medical care, please call **1-877-414-5358**

About This Survey

Please review each of the 19 categories in the survey and check whether you have disaster-related needs. In each area of need that you answer "Need Assistance" or "Not Sure", you will then be shown a more detailed checklist to identify your specific needs. It is important that you specify your needs honestly and as accurately as possible. Assistance will be provided as quickly as possible based on the severity and type of needs you identify.

1. Who is eligible for Navy Family Disaster Assistance?
2. Why should I complete this survey?
3. What happens after I complete the survey?
4. How and when will I be contacted?
5. Who will have access to my information?

Q1: Who is eligible for Navy Family Disaster Assistance?

- ▶ Navy Service Members (Active and Reserve)
- ▶ Navy Civilian Employees (both civil service and non-appropriated Funds (NAF))
- ▶ Eligible family members of service members and employees

At the CNO's direction, the Navy Family may also include other personnel such as other service members assigned to Navy commands, tenants on Navy installations, Navy retirees and their families, and members of the individual ready reserve (IRR) and their families. In the case of deceased, injured or missing Navy service members or civilians, the definition may also include certain extended family members (parents, parents-in-law, guardians, brothers, sisters, brothers-in-law, sisters-in-law).

[top of page](#)

Q2: Why should I complete this survey?

This is the Assessment Introduction/FAQ page for completion of a Family Needs Assessment Survey

The U.S Department of The Navy Index of Privacy Act Office has released a System of Record Notice, stating the specific purpose and use of the information gathered on the NFAAS system.

Release Notes

NFAAS Release Notes - NFM Server

Version 2.5 - July 2008

Changes since last version:

- New My Info Page! (No more overwritten data)

Page-Specific Changes

Home Page

- Updated to announce new My Info page.

My Info Page

- Totally re-designed to do two things: 1) Separate DEERS data from NFAAS data to prevent automatic overwriting. 2) Free up space of information by moving from DEERS data

[Privacy & Security Notice](#)

This is a Department of Defense computer system. This computer system, including all associated software and network devices (specifically including Internet access), are provided only for official use. DoD computer systems may be monitored for all lawful purposes, including to support the management of the system, to facilitate protection against unauthorized access, to ensure the survivability and operational security. Monitoring includes active attacks by adversaries to compromise the security of the system. During monitoring, information may be examined for unauthorized purposes. All information, including personal information, placed on this system is monitored. Use of this DoD computer system, authorized or unauthorized, can be traced. Unauthorized use may subject you to criminal prosecution. Evidence of unauthorized use may be used for administrative, criminal or adverse action. Use of this system is monitored for these purposes.

You are all done with this session

To review...

STEP 1: Log into NFAAS at <https://navyfamily.navy.mil>

and update your personal and family member(s) information.

STEP 2: Share guidance on how to muster in NFAAS with spouse & family members.

They should have access to log-in for situations where they must evacuate separately.

STEP 3: After evacuation, and immediately upon arrival at a displaced location/ safe haven or destination, **muster** yourself and family members by phone.

STEP 4: When NFAAS comes on-line following the disaster/evacuation order, Navy (Military and Civilian) Members will **Log on to NFAAS** at <https://navyfamily.navy.mil> for muster update and accountability. If assistance is required proceed to Step 5.

STEP 5: Log into NFAAS at <https://navyfamily.navy.mil> and **complete a Family Needs Assessment request** for help; or call the Navy Emergency Call Center at 1-877-414-5358. A Case Manager will contact you soon after you register.

NFAAS smartphone apps

- NFAAS is available for use on smartphones through iTunes and also through Google Play
- Each is free of charge and integrates with NFAAS
- Both iOS and Android platforms work the same and provide the same NFAAS services

Description

The Navy Family Accountability and Assessment System (NFAAS) app brings together all the emergency preparedness information Sailors and their family members will need to prepare for and survive an emergency or disaster. It standardizes a method for the Navy to account for, assess, manage, and monitor the recovery process of those affected by a widespread catastrophic event. NFAAS also provides valuable information to all levels of Navy leadership, allowing commanders to make strategic decisions that facilitate a return to stability.

Get up-to-date information on emergency preparedness, local weather and other local emergency situations with notifications and alerts.

The NFAAS app allows users to:

- Report accounting status
- Update contact/location information
- Manage your personal contacts
- Use checklists to help prepare for an emergency
- Use GPS and get turn-by-turn directions to the closest Navy installation
- Learn what to do before, during and after an emergency or disaster
- Watch videos showing you how to update your NFAAS information and why

For more information on NFAAS, visit <https://navyfamily.navy.mil>.
